— An enthralling story reminiscent of C.S. Lewis & Madeleine L’Engle’s works —

Born gifted with a rare seventh sense — the ability to read human hearts coupled with keen intuition — Kate Kindrick struggles against her superpowers while surrounded by skeptical, sometimes cruel, family members and their secrets.

Kate’s parents fear that their young daughter suffers from delusional psychosis. Their concerns are intensified by her claims that she has conversations with an angel. Only her grandmother, who is gravely ill, and her uncle, a writer, encourage Kate to develop her gifts.

Yet it’s her naiveté of the intuitive signs that augur trouble. When she doesn’t heed an inner warning, her world spins into a dangerous spiral that spells hazard for her and those she loves.

*With startling twists, the story brims with inspiration and daring while exploring many of today’s societal woes: deteriorating family relationships, prejudice, abuse, eating disorders, and limiting belief systems. It delves into the mysteries of death and of angels, plus intuition, finding God in all, and true love. Tantalizing and spiritual.*

“Intriguing... supernatural... seductive plot...”
